At the opening of FRoR there may be booths that are available, but please note that once we open other exhibitors may be moving their booths, so we cannot confirm which booths are available or not. You will need to confirm this while in the system, as the information is live and ever changing.

Step 7: To select a booth number, click on the booth. To deselect, click once again the selected booth.

Please note: due to issues displaying facility maps on smaller devices, registration may not be successful on mobile devices. Using a laptop or tablet to complete registration is recommended.
